Keywords: Character, Religious, Class-Based

Abstract

This study aims to determine the implementation of strengthening religious character education for grade 4 class-based students and to find out the supporting factors and inhibiting factors at SDN Weru 1. This research uses qualitative research methods. Data collection used observation, interview and documentation techniques. Data analysis used interactive analysis techniques of the Miles and Huberman model. The results showed that the implementation of strengthening class-free religious character education through classroom
