Keywords: significance, commendable morals, unforgettable paradise film

ABSTRACT

This article was written to find out the meaning of the commendable morals contained in the film “Paradise that is not missed”. The Research Section aims to examine more deeply about what are the moral messages that are commendable in the film Heaven that is not missed, namely to understand the significance of good morals in the film Heaven that is not missed. The research method applied is qualitative research using descriptive methods. Data collection techniques were in the form of scenes from the film Heaven that is Not Missed and data related to this research were either sourced from journals or from websites related to this research. Then a description or analysis is carried out by categorizing (classifying) and classifying (detailing) the data, the researcher then explains what message is conveyed in the film Heaven that is Not Missed. The results of the research show that there is a commendable moral message; fair, forgiving, pleased, please help. Films are expected to have message values in each story so that viewers can understand and take positive lessons after watching the film.
