Kata Kunci - Big Book; Desain; Media Pembelajaran

I. PRODUCT DESCRIPTION

Big book media design applies to, providing knowledge, introducing reading techniques, practicing skills, and fostering students' skill development (Kurtanto, 2013:8). however, big book media design applies as infrastructure or tools in English language learning. In the end, the Big Book has skills namely, processing, assembling, modifying, writing, drawing, and composing. The Big Book is a storybook with unique text and graphic characteristics to support collaborative reading activities between teachers and students [1]. This is basically the Big Book meaning. Boove (1997) the purpose of mass media is to communicate messages. Heinich (1996) agrees with Boove that media is a communication medium formed from the world. This word is Latin meaning between and refers to something that conveys information from the sender of the message to the receiver of the message[2]. However, elements that enable collaborative reading activities between teachers and students, including text and visual capabilities. It has Unique's element's including fresh, repeating vocabulary, expected plotlines, and easily understood language patterns [3]. Here it can be seen that, this Big Book media product can be made or assembled by anyone. Because the Big Book media is very practical in the way it is made. Such as drawing, sticking, colouring, and writing. Then for the materials used are very easy to find. As well as pencils, drawing books, markers, crayons and binder clips.

Big Book media product is one of a product developed by students of English Education, Universitas Muhammadiyah Sidoarjo. The Big Book product is also a resource for teachers and students, so that they can build innovation together when learning English. The benefits of this Big Book media product are that students can be motivated quickly in learning, to foster self-confidence for students, students can study comfortably and happily, and can develop new habits in learning to remember [4]. However Big Book is learning media used to recognize some vocabulary in the surrounding environment.

II. PRODUCT CONTENT

Mock Up Design - The idea of "MOCK UP" is frequently used the design sector. The concept model's goal to provide a true or realistic image that makes changes, presentation settings, and saving money easier. In other words, using a template might help you visualize the type of work you want to create [5]. So, the essence of it is a mock up is a realistically produced graphic representation of a product. To enable customers to see the finished product visually, a model of the product is created.

This Big Book product presents a unique and multifunctional design, not only for learning, but can also be used for games when learning together. Such as matching pictures, pasting pictures, writing, and colouring. The material used when making this Big Book are: using A3 paper/drawing book it can be presented landscape or portrait, the number of pages 2-10 pages, dominated by large images along with supporting text, large and concise writing, the topics taken according to student needs, one binder clip, paper glue, 2B pencils, permanent markers, and titi crayons or titi-coloured pencils.

Steps to create Big Book of Transportation media:
1. Firstly, prepare the necessary materials,
2. Secondly, look for animated images on Pinterest,
3. Thirdly, print and cut them to the images,
4. Then attach the image using glue to the A3 paper provided,
5. Then make the image up to the bottom of the transportation image to your creation,
6. Then write large writing over the transportation name,
7. Next is colouring the image arrangement using crayons,
8. Sort it according to the type of transportation and do a hole in the corner of the paper,
9. Next attach a binder clip on the corner of the paper,
10. Finally, the Big Book media can already be used.
