**Abstract:** Maharah Qira'ah learning is one of the four Maharah that students learn when they learn Arabic. The goal of learning Maharah Qira'ah is not only for students to read Arabic texts fluently according to the rules of Nahwu Sharaf but also to understand the text and the essence and meaning of the text's central ideas students can apply in their lives. This study uses the Systematic Literature Review method to identify, evaluate and interpret research results related to specific research problem formulations. The stages of this research adopt the Preferred Reporting Items for Systematic Reviews and Meta-analysis method. This
