INTRODUCTION

The e-book “Real Life English: Daily Expressions” is designed to introduce learners especially beginners to commonly used English phrases, facilitating the mastery of everyday expressions in real-world contexts. The resource aims to build learners' confidence in communicating effectively through practical language materials and interactive components.

Key features include everyday expressions for real-life communication, interactive practice exercises to improve comprehension and retention, and sample dialogs to illustrate contextualized language use. In addition, the integration of Islamic values in each chapter encourages character development and reinforces moral principles, which are supported by relevant hadith. The digital format ensures accessibility and flexibility, so learners can study anytime and anywhere.
