The screenshot displays the SmartPLS 4 software interface. The top menu bar includes 'SmartPLS' and 'Export'. Below the menu is a green toolbar with icons for Edit, Save, Excel, HTML, Create data file, and Compare. The main window is titled 'Bootstrapping' and shows the 'Path coefficients - Mean, STDEV, T values, p values' table. The table has columns for the path, Original sample (O), Sample mean (M), Standard deviation (STDEV), T statistics (|O/STDEV|), and P values. The paths listed are: Gaya Hidup (X3) -> Keputusan Pembelian (Y), Harga (X2) -> Keputusan Pembelian (Y), and Social Media Marketing (X1) -> Keputusan Pembelian (Y). The T statistics and P values are provided for each path. The left sidebar shows the 'Graphical' and 'Final results' sections, with 'Path coefficients' selected under 'Final results'. The bottom status bar shows 'SmartPLS v.4.1.0.2' and a 'Reset 100%' button.
